

Eli Pregerson

Stony Brook, NY | 760-840-9737 | eipregerson@gmail.com | elipregerson.com |
<https://www.linkedin.com/in/eli-pregerson/>

Education:

Stony Brook University - Stony Brook, NY	Expected 5/2027
Masters of Science - Computer Science	
Harvey Mudd College - Claremont, CA	5/2024
Bachelor of Science - CS/Math	
• GPA 3.744 - Dean's List	

Skills:

- Programming Languages: Proficient (Python, C++, Haskell) Familiar (Java)
- Developer Tools: Git, Docker

Experience (references available upon request):

Bridge to Enter Advanced Mathematics (BEAM)	Poughkeepsie New York
Teaching Assistant and Math Camp Counselor	7/2024, 2025

- Supervise students
- Run social and community activities
- Work with students on mathematics, both one-on-one and as a teaching assistant

ALPAQA Lab	Claremont CA
Computer Science Researcher	5/2021 - 5/2024

- Conducted research in teams of 2-8
- Presented research at an international conference
- Worked with an extensive code base

PRiME	Claremont CA
Math Researcher	6/2023-8/2023

- Conducted research in a team of 6
- Presented results at two national math conferences
- Commutative Algebra

Publications:

Path Complexity Correlates with Source Code Comprehension Effort Indicators. ICPC
Formalizing Path Explosion for Recursive Functions via Asymptotic Path Complexity FormaliSE
Path Complexity of Recursive Functions. ICSE SRC

Awards:

CRA Outstanding Undergraduate Research Award Finalist	12/2023
---	---------

Description: Every year each college may nominate a number of students based on the size of the school for this national award. The title of finalist puts me in the bracket of top 9-24 students nominated that year.

Don Chamberlain Computer Science Research Award	5/2024
---	--------

Description: This award is given to Harvey Mudd graduates who are judged by the faculty to have successfully completed a significant piece of computer science research.

Relevant Coursework:

- Computer Science: Algorithms(Tutor x2), Programming Languages, Machine Learning, Computability and Logic (Tutor), Natural Language Processing, Data Structures and Program Development, Principles of Computer Science (Tutor)
